RISTORANTE & BAR

## *Come and join us for Our Summer Gastronomic Tour of Italy*

Salvatore has once again created a wonderful array of typical regional dishes that truly capture Summer, from the far reaches of the North, right down to the South.

Each region is diverse and offers it's own unique set of flavours and culinary specialities.

As with all things Italian, we love to eat, converse and enjoy each others company, over good food and good wine.

Salvatore has carefully crafted a delightful Summer Menu accompanied with specially selected wines from 'WINESTOCK', which capture all of our Italian flavours and freshness of our beautiful and bountiful local produce.
